With its millions of assets, great experience, and the fair and honorable manner which this company has at all times adjusted its losses, accounts for its great popularity and enormous business. All my companies have had great experience, have immense assets, and sound and solid. THE AMERICAN MINISTER PRESENTS HIS CREDENTIALS.

Cordially Received by Emperor William and Tendered a Banquet—Boulangier's Election Annulled.

BERLIN, Sept. 27.—William Walter Phelps, the new American Minister, presented his credentials to the Emperor today. After an exchange of formal remarks the Emperor entered into conversation with Mr. Phelps, who accompanied Mr. Phelps to Potsdam, missed the train by which they intended to return to Berlin. To-night Count Herbert Bismarck gave a dinner to Mr. Phelps, who was attended by the principal attaches of the United States legation and a number of foreign diplomatic representatives.

In addressing the Emperor Mr. Phelps spoke of the unchanged and open cordial relations that had always existed between Germany and the United States. He would shirk no pains, he said, to strengthen the friendship between the two nations. After an exchange of formal remarks the Emperor entered into conversation with Mr. Phelps, who accompanied Mr. Phelps to Potsdam, missed the train by which they intended to return to Berlin. To-night Count Herbert Bismarck gave a dinner to Mr. Phelps, who was attended by the principal attaches of the United States legation and a number of foreign diplomatic representatives.

IN DISMAL WEATHER.

The McCormick-Blaine Wedding Occurred RICHFIELD SPRING, N. Y., Sept. 27.—Only the weather marred the joyousness of the McCormick-Blaine nuptials, the day being rainy and the air raw.

The bride, leaning upon the arm of her married brother Cyrus, entered the edifice. Mr. Emmens Blaine awaited her at the altar step. When the couple presented themselves Dr. Blaine began the reading of the Presbyterian marriage service. Dr. Johnson assisting, Cyrus McCormick advanced and with hand upon the clasped hands of the bride couple, gave his sister to the keeping of the groom.

The ceremony was concluded with the presentation of a ring, and the couple held their honeymoon in the divine bliss upon the union. The newly wedded pair led the procession from the church at 12:15 p. m., embarking in carriages for a drive through the pouring rain. The McCormick cottages, within the invited guests followed them and sat down to the wedding breakfast.

A New Canadian Railroad.

HAMILTON, Ont., Sept. 27.—Plans for the Toronto, Hamilton & Buffalo railroad were registered yesterday. The most important feature of the plan is that the plans is that the line has been surveyed across Carroll's Point. This is an indication that the Canadian Pacific company will be started by the New York Central to monopolize the Carroll's Point route, and that the latter road has not been blocked by the former in its effort to reach Toronto. Messrs. Miller and Helm, who are here, are said to represent the New York Central.

James C. McGowan, a Chicago tender, was shot and instantly killed by W. Collins in a dispute in which C. McGowan called Collins a liar.

A Sound Legal Opinion.

E. B. Bainbridge, Monday Esq., County Att. of Clay county, Texas, says: "Have used Electric Bitters with most happy results. My father also was very low with Malarial Fever and Jaundice, and was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Dr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

—The second in the series of dances, given under the auspices of the milkmen of Janesville, in Hibernia Hall last evening, was a decided success. It was largely attended, and dancing continued until late this morning. Prof. Tuckwood furnished the music.

—Funeral services over the remains of the late Mrs. James Johnson were held from St. Patrick's church this morning at 9 a. m. Large numbers of friends and relatives were in attendance. Rev. Father McGinnity officiating. After the service a large procession followed the remains to Mount Olivet cemetery where they were laid to rest.

—We note with interest the many business changes taking place in Janesville. The latest is that of E. C. Bailey, of 105 West Milwaukee street. Mr. Bailey has sold out his grocery business to Mr. C. O. Bennett, who is known as a young man of push and energy, and will make his presence known in the business circles of the city. Mr. Bailey contemplates entering the dry goods business, but has not decided on a location, but the chances are it will be in Janesville.

—Although rather late in getting around, we desire to offer our best wishes for the continued success of the Fountain Cigar Store. The Fountain, ever since it was started has been one of the most popular cigar stores in the city. Mr. Frink and Mr. McGee have now stepped down and out, turning their entire stock of goods over to Mr. Milo Thayer. There will be enlarged to a considerable extent, and a large first-class stock of goods will always be found on hand. Mr. Thayer has engaged the services of Mr. Charles Russell as clerk.

—A notice appears in another column of this paper announcing the new grocery firm of George Warren Skelly & Co., at No. 1 South Jackson street. Mr. Skelly is a son of Mr. and Mrs. Chas. Skelly, 14 Milwaukee avenue, and has been for some time in the employ of Tarrant & Osgood, West Milwaukee street grocers, is a wide awake and industrious young business man. The store is located in the new building just completed by Mr. Skelly's father, and is well filled with a carefully selected stock of groceries, which is offered to the public at the very lowest margins. That the new firm will succeed here is no room to doubt.

—Last evening a delegation of seventy-six members of Olive Branch Lodge No. 36, Ancient Order of United Workmen, went to Beloit on the 7:30 Chicago & Northwestern train for the purpose of making a fraternal visit to the Beloit lodge, returning home about twelve o'clock in the evening. The Janesville party were received and entertained in a right royal manner, a banquet being given after lodge meeting. The Olive Branch lodge now numbers one hundred and fifty members, and is in a flourishing condition and working order, new members being received at each meeting.

—John F. O'Grady, who has been a letter carrier since the establishment of free delivery system in this city, yesterday handed his resignation to Postmaster Bowles, and took the first train for Chicago. The resignation was somewhat of a surprise to the postoffice force, but was accepted and Postmaster Bowles assigned Mr. Orlando Hanthorn to the route for the present, or until an appointment is made to fill the vacancy. Mr. Hanthorn has been acting as a substitute carrier for some months, and is in the regular line of promotion. Rumor says that Mr. O'Grady has been tendered an appointment on the police force of Chicago.

—Beloit Free Press: Turtle is terribly excited. Next Saturday afternoon, at

Jim Murray's, Charley Gault and Johnny Groat, after shooting their mouths off at each other all summer, propose to shoot guns at a mark to see which is the best feller. In consequence of this publicity expressed determination, the people of the town are filled with jiro forebodings, for if anything is more generally known by them than something else, it is the fact that neither Johnny or Charlie can shoot a gun at a mark just a little bit. It is rumored that the town authorities will be solicited to interfere and prevent the match for the sake of the public safety. Their neighbors know em, and provided the authorities do not put a quetus on the contest, every woman and child of the town of Turtle will be found either ranged up in line with the target or stowed away in the cellar next Saturday afternoon.

—Beloit Citizen:—Two horses belonging to Dan Morse, who resides near the Northwestern freight depot, were killed early this morning by freight trains on the St. Paul road and on the Northwestern road. About 5 o'clock one of the horses was standing on the Northwestern track near the iron bridge which crosses Turtle Creek. The train was pulling out slow and efforts were made to scare the horse off without stopping, but the blowing of whistles had not the desired effect and the horse was run into and pushed in front of the engine about half way across the bridge. The animal was badly mangled, and death resulted almost instantly. The train was stopped and the dead beast was hauled from off the bridge. The other horse was killed about two o'clock near the first culvert east of the city on the St. Paul road.

—Chas. Carter, of Janesville, came before Justice Orton this morning on the charge of drunkenness. He was sentenced to \$5 and costs or five days' imprisonment, the sentence being suspended on paying costs and the promise to leave town immediately.

QUEER INDIAN TRADITIONS.

A Ball of Fire That Plays Constantly Above an Old Grave.

The Buffalo Express tells of an Indian's grave along the shore of the Oneida Lake where at times a weird and supernatural light makes its appearance. It is described as a ball of fire about the size of a large orange, and sways to and fro in the air about thirty feet from the ground, confining its irregular movements within a space about one hundred feet square. People have attempted to go near the spot, to solve the mystery, but it would suddenly disappear before reaching it. A very peculiar story is told by the neighbors near the spot. They claim that many years ago the locality was part of an Indian reservation. A man by the name of Belknap frequently dreamed that there was a creek in the Indian cemetery containing immense treasures, and that if he went there at the hour when the graveyards yawn, he could secure it. These dreams were repeated so often that they had a strong effect, and he went there with a pick and shovel according to instructions, but he failed to turn round three times when he found the creek, as the dream directed. He went to pick it up, but was stunned by a flash of lightning, and the creek disappeared. Since that time the spot has been haunted by this mysterious light.

THE POWER OF THE WORLD.

An interesting calculation has recently been made by the statisticians in Berlin. Four-fifths of the power machines at present in activity in the world have been erected in the last twenty-five years. The country which possesses the highest amount of horse power is the United States, with 7,500,000 horse power; then follow England, with 7,000,000; Germany, with 4,500,000; France, with 3,000,000; and Austria-Hungary, with 1,500,000. These figures do not include locomotives, of which there are 150,000 at work, with a total horse power of 3,000,000. Thus the total horse power in the world is 46,000,000. A steam "horse power" is equivalent to three actual horses' strength, and each living horse represents the strength of seven men. Thus the total horse power of the entire world represents the work of 1,000,000,000 men, or more than twice the total working population of the earth. Steam has thus tripled the entire human working power of the earth.

Typhoid Fever in London.

London is full of typhoid fever, with a kind of blood-poisoning. This has been caused by the great rush of water from the heavy rains into the drains, driving out sewer-gas and poisoning delicate people.

CONGREGATIONALISTS.

Papers Considered at Last Evening's Session.

THE WORK COMPLETED.

And the Convention Adjourned to Meet in Madison Next September.

The closing session of the forty-ninth annual meeting of the Wisconsin Congregational convention was opened last evening with singing by the choir of the church and prayer led by Rev. Smith Norton, of Beloit.

Rev. S. P. Wilder then gave notice that all those wishing a copy of the arguments made in the famous Edgerton bible case now before the supreme court, could obtain the same at the cost of \$1.00, by leaving their address with him before the 15th of October.

This session was devoted entirely to "Our Missionary Workers." Four excellent addresses were delivered by prominent workers from different fields. All brought encouraging words, and spoke of bright prospects, as the result of their labors. Rev. J. E. Roy, district secretary of the A. M. A., came first.

Dr. Roy spoke of some historical inaccuracies connected with the early church work in the west, especially in this state; of the great work done by Dr. Porter, who came to Fort Dearborn, now Chicago, as a home missionary about 60 years ago, of his report to the American Board, who sent him, and the prophecies he then made in respect to that Fort as a place of interest in the future.

The report from some of their foreign missions was not as encouraging as it might be; China for instance, is at present contemplating the removal of all American missionaries from her borders, simply because of the ill treatment of the Chinese in this land.

As to whether missionary work pays Dr. Roy cited the case of the Indians of several different tribes west of the Mississippi river, who at the present day are holding a convention similar to this, in which 400 Christian, civilized Indians will be entertained. These Indians, through the influence of missionaries, have given up their tribal relations, taken up land in common, and become citizens of the United States. Numerous instances of their integrity was cited.

Mr. Roy said the American Board of Home Missions would finish the year out of debt, and although great work remained to be done, especially in the south. The old spirit of secession and rebellion was still in the air. The south in some matters is undergoing a retrograde movement. The position of the church was clearly defined, it would never do to go back on the colored people of the south while they are receiving insults and death at the hands of the whites, because of caste.

Dr. Roy was followed by Miss M. A. Hand, of Heber, Utah. Miss Hand is, and has been for some years, connected with the "New West educational system." Perhaps nothing could be more interesting, or serve to awaken a missionary spirit in the hearts of an audience than to listen to the simple tale of self-sacrifice and love that prompted the movement Miss Hand represents.

The work of reaching the children of Mormon parents, and through them the Mormon people, seems to be especially given to women, as experience has proven; they can do it better than men. Miss Hand is now engaged soliciting aid from the churches to place competent teachers in the field, the Ladies' Home Missionary Society of Janesville, adopting one who they agree to support in the work in Heber. This teacher is a young lady from Illinois, and receives a salary of \$550.

Several Young People's Societies of Christian Endeavor have been formed, and are in a flourishing condition.

The American Congregational Union was ably represented by Rev. L. H. Cobb, secretary of New York. This is a society organized to aid in building houses of worship and homes for ministers. The central office is 59 Bible House, New York City, and was organized May 11th, 1853. It has disbursed aid in erecting churches \$1,029,118.93. It has rules governing the lending of money, one of which is, that the church must be a legally organized Evangelical Congregational church. The amount of money paid back from the churches is \$178,927.64. The largest sum total the Union has received in any year was \$152,693, 1,621 churches giving to this work.

Rev. N. A. Hitchcock, district secretary of the American Board, was the last speaker of the convention. Rev. Hitchcock is a forcible earnest worker and a very interesting speaker. As his speech concluded the work of the convention, they were adjourned until the next annual meeting to be held in Madison; which will be the fiftieth annual meeting of this convention, and the fiftieth anniversary of the Congregational church in Madison. A golden wedding, wedding all around.

THE SALVATION ARMY.

THEIR AGREEMENT NOT TO PARADE WITH MUSICAL INSTRUMENTS EXCEPT BY PERMISSION.

Captain Alfred Hart, in command of the Salvation Army in this city, has entered into an agreement with the city authorities, through City Attorney J. B. Doe, Jr., by which the army will hereafter refrain from using musical instruments while parading in the streets. City Attorney Doe fully explained this matter to the common council last Monday evening, and while he was not an enthusiastic supporter, he intimated that it would be better for all parties to adopt the course then outlined, and more fully set forth in the following document signed by Captain Hart:

In consideration of the discontinuance by the city of Janesville, of the cases of said city against Sarah M. McE, Flora H. H. Hart, W. D. Cary and Agnes Carson now pending in the municipal court for Rock county, and in further consideration of the forbearance upon the part of said city to take any action against the body of the defendant in the judgment in said court in favor of said city and against one Frank Carson, until the time hereinafter specified, the undersigned Alfred Hart, for and on behalf of the Salvation Army, do hereby agree, that from and after this date said army will not parade, march upon, or hold meeting in, or upon any of the streets or public grounds of said city; with drums or tambourines, or other musical instruments, and that said army will refrain from using said drums, tambourines or other musical instruments upon said streets until the case of the city of Janesville against said Frank Carson, shall have been finally determined in the supreme court of the state of Wisconsin or until the time for setting a bill of exceptions on appeal to said supreme court shall have expired without any bill being settled or appeal taken from the decision of the said circuit court in said action; provided that said army shall upon special occasions with the consent of the city marshal first obtained at the request of the city marshal, be permitted to parade with musical instruments and drums.

ALFRED HART,

Captain in charge of Corps.

Dated at Janesville, Wis., September 25th, 1889.

W. G. Wheeler, Esq., acted for the Salvation Army members, and it is now confidently expected that there will be no further trouble growing out of the parade. In the suit against Little's taken to the supreme court, a decision will hardly be reached within the coming year.

ONE YEAR AT WAUPUN.

JOHN HALL PLEADS GUILTY AND GOES TO PRISON ONE YEAR.

This morning John Hall, the old man arrested in Milwaukee charged with burglarizing the residences of E. G. Fifield and the Rev. Father McGinnity, was taken before Judge Patterson in the municipal court, and pleaded guilty to the charge of burglarizing the house of Mr. E. G. Fifield. Judge Patterson sentenced the prisoner to hard labor at Waupun for one year. At the expiration of this sentence he will be brought back for trial on charge of burglarizing the residence of Father McGinnity.

This morning, after receiving his sentence, Hall gave Marshal Hogan an order to pay Mr. Fifield the sum of \$14.00 and Father McGinnity the sum of \$20.00, money taken from the prisoner by the marshal when arrested.

"GIVE HIM 25, AND LET HIM GO."

We once heard a man complain of feeling bad, and wondered what ailed him. A humorous friend said, "Give a doctor 25 and let him guess." It was a doctor's own words, who need not guess what ails him when your bowels and stomach are inactive, and when your head aches every day, and you are languid and easily fatigued. You are bilious, and Dr. Pierce's Pleasant Purgative Pellets will bring you out all right. Small, ungarmented, easy to take. Of Druggists.
